## Notes

1. Considering the ongoing Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has, vide its circular dated January 13, 2021 read together with circulars dated April 8, 2020, April 13, 2020 and May 5, 2020 (collectively referred to as "MCA Circulars"), permitted convening the Annual General Meeting ("AGM" / "Meeting") through Video Conferencing ("VC") or Other Audio Visual Means ("OAVM"), without physical presence of the Members at a common venue. In accordance with the MCA Circulars, provisions of the Companies Act, 2013 ("the Act") and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the AGM of the Company is being held through VC / OAVM. The deemed venue for the AGM shall be the Registered Office of the Company.
  2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), and MCA Circulars, the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has engaged the services of Central Depository Services (India) Limited (CDSL) as the agency to provide e-Voting facility.
  3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice (Refer Point 12). The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 Members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairperson of the Audit Committee, Nomination & Remuneration Committee and Stakeholders' Relationship Committee, Auditors etc.
  4. Generally, a Member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a Member of the Company. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for this AGM and hence the Proxy Form, Route Map and Attendance Slip are not annexed hereto.
  5. The Statement pursuant to Section 102 of the Companies Act, 2013, which sets out details relating to Special Business at the meeting, is annexed hereto.
  6. The information pursuant to Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 regarding the Director seeking appointment/ re-appointment in the Annual General Meeting is also being annexed hereto separately and forms part of the Notice. The Directors have furnished the requisite declarations for their appointment/ re-appointment.
  7. The Register of Members and the Share Transfer Books of the Company shall remain closed from 18<sup>th</sup> September, 2021 to 28<sup>th</sup> September, 2021 (both days inclusive).
  8. The relevant statutory registers/documents will be available electronically for inspection by the Members during the AGM. Further, the documents referred to in the Notice, if any, will also be available electronically for inspection without any fee by the Members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email at [secretarial.lud@vardhman.com](mailto:secretarial.lud@vardhman.com).
- DISPATCH OF ANNUAL REPORT THROUGH ELECTRONIC MODE:**
9. In compliance with the MCA Circulars and SEBI Circular dated January 15, 2021 read with circular dated May 12, 2020, Notice of the AGM along with the Annual Report 2020-21 is being sent only through electronic mode to those Members whose email address are registered with the Company/ Depositories. Members may note that the Notice and Annual Report 2020-21 will also be available on the Company's website [www.vardhman.com](http://www.vardhman.com), website of the Stock Exchange, i.e. National Stock Exchange of India Limited at [www.nseindia.com](http://www.nseindia.com) and on website of Central Depository Services (India) Limited (e-Voting agency) at [www.evotingindia.com](http://www.evotingindia.com).

## ANNEXURE TO THE NOTICE:

### STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013:

(For Items No. 3 to 5)

#### ITEM NO. 3:

The Board of Directors of the Company in its meeting held on 20<sup>th</sup> October, 2020 had appointed Mrs. Suchita Jain as an Additional Director of the Company with immediate effect, to hold office upto the date of next annual general meeting of the Company.

The Company has received requisite notice in writing from a Member proposing the appointment of Mrs. Suchita Jain as a candidate for the office of Director of the Company. Accordingly, it is proposed to appoint Mrs. Suchita Jain as a Director of the Company liable to retire by rotation.

The Board recommends the Ordinary Resolution as set out at Item No. 3 of the Notice for approval by the Members. Accordingly, your approval is solicited.

#### MEMORANDUM OF INTEREST:

Except Mrs. Suchita Jain, being appointee, Mr. Sachit Jain and Mr. Shri Paul Oswal being appointee's relative, none of the Directors and Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the Notice.

#### ITEM NO. 4:

Pursuant to the provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements)

Regulations, 2015, the Members in their 30<sup>th</sup> AGM held on 29<sup>th</sup> September, 2020 had given approval for entering into Related Party Transactions for the Financial Year 2021-22.

The approval of the Members is mandatorily required for entering into all material Related Party Transactions under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 {Regulation 23 (4)}.

Transactions are to be considered as material if the transaction/ transactions to be entered into individually or taken together with previous transactions during a financial year, exceeds ten percent of the Annual consolidated turnover of the Company as per the last audited financial statements of the Company. The material nature of related party transactions being entered by the Company mandates it to seek Members approval for such transactions for the Financial Year 2022-23.

Accordingly, your approval is solicited on the transactions provided below. The most significant transaction(s) by way of amount(s) and frequency during the year is sale of Acrylic Fiber to its holding Company Vardhman Textiles Limited (VTXL). VTXL had been consuming Exlan quality of acrylic fiber prior to setting up of your Company as a subsidiary Company. As on date, around 20-25 percent of the fiber produced by the Company is consumed as raw material by VTXL.

Sr. No.	Name of the Related Party	Relationship with the Company	Particulars of Contract or Arrangements	Material Terms/ Indicative Base Price	Whether on Arm's Length
1.	Vardhman Textiles Limited (VTXL)	Holding Company	• Sale of Acrylic Fiber (Traded/Manufactured)	At Market Prices	Yes
			• Purchase/ sale of MEIS licenses/RoDTEP Scrip	At Market Prices	Yes
			• Purchase/ sale of fixed assets		
			• Rent Paid		
			• Payment towards sharing of corporate services	At Cost	Yes
			• Reimbursement of expenses (paid/ received)	On Actual Basis	Yes

The Board of Directors recommends the Ordinary Resolution as set out at Item No. 4 of the Notice for approval by the Members. Accordingly, your approval is solicited.

#### MEMORANDUM OF INTEREST:

None of the Directors/Key Managerial Personnel of the Company or their relatives are concerned or interested financially or otherwise, in the resolution set out at Item No. 4 of the Notice.

#### ITEM NO. 5:

Pursuant to the provisions of the Section 148 of the Companies Act, 2013 read with Companies (Audit and Auditors) Rules, 2014, the Cost Audit is required to be conducted in respect of the Cost Accounts maintained by the Company. ## 2. MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT:

Management Discussion and Analysis Report for the year under review as stipulated under Regulation 34(2) (e) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is presented as under:

### A. ACRYLIC FIBER INDUSTRY-GLOBAL AND INDIAN PERSPECTIVE:

World has been severely impacted by Covid 19 pandemic and its subsequent effects. Consumption, logistics and manufacturing in 2020 have been worse than the forecasts or expectations. Uncertainty prevails in world even now because of second wave of Covid 19, mutation of virus into variants and vaccination drive still to catch-up in many countries. Big hope is hinging upon continuous research to develop vaccines for new variants. China claimed controlling Covid 19 in first half of 2020 itself and has seen rapid recovery since then. Recovery in rest of the world has been tardy and asymmetric amongst different regions and countries.

Crude oil took a big beating in 2020. Brent dropped to \$9 per barrel and WTI dipped into negative territory reflecting too much surplus and storage issues at one point. Since then, on back of demand recovery and production controls by OPEC+, Crude oil has not only regained the lost ground but is moving towards the higher levels seen in 2014.

GDP growth rate of World, USA, China and India in year 2020 was lower as compared to year 2019 at -3.3%, -3.5%, 2.27% and -7% respectively. Textile industry has been amongst those worst affected world over due to lockdowns in 2020.

Globally, Acrylic Fiber consumption is estimated to be lower by approximately 20% in 2020 over 2019. Global capacity utilization has fallen to below 50% first time in several decades.

Acrylonitrile, which is the primary raw material for Acrylic Fiber is a crude oil derivative. Volatility in crude level impacted Acrylonitrile prices causing steep decline and then rapid recovery. Acrylonitrile rates dropped from \$1275 per MT in April 2020 to about \$ 800 per MT in August 2020 and then rose to \$ 2750 per MT by March 2021. Further, asymmetric recovery between various stages of crude oil chain coupled with plant operation issues of Propylene, the raw material for Acrylonitrile led to shortages and steep price rise in second half of 2020 of Acrylonitrile thereby impacting demand for Acrylic Fiber.

Locally, in India, Acrylic Fiber consumption was adversely affected in earlier part of the FY21 but recovered in later part of the year as pandemic seems to have been controlled before the second wave hit the country. Consumption during the year in India remained by and large in line with previous years unlike global consumption. However, adverse impact of global slowdown and high imports were clearly visible. Capacity utilization of domestic Acrylic Fiber industry was lower than previous years. Non imposition of Anti-Dumping Duty on Acrylic Fiber imports from few countries despite recommendation by DGTR has put domestic Acrylic Fiber producers at a disadvantage once again vis-à-vis exporters and threat of dumping has become stronger and larger than in past. Such imports had an adverse impact on both sales volume and margins of your Company as well as overall domestic Acrylic Fiber producing industry. Domestic Acrylic Fiber industry has now escalated the matter legally as per the provisions of law.

## B. FINANCIAL ANALYSIS AND REVIEW OF OPERATIONS:

### • PRODUCTION & SALES REVIEW:

Your Company has achieved a turnover of ₹ 28,018.82 lakhs against a turnover of ₹ 33,436.87 lakhs in the previous year. After providing for depreciation of ₹ 541.53 lakhs (previous year ₹ 523.09 lakhs) and provision for current tax of ₹ 1,450.59 lakhs (previous year ₹ 1,062.89 lakhs), deferred tax of ₹ (31.46) lakhs [previous year ₹ (903.79) lakhs], Profit after Tax after considering Other Comprehensive Income of the Company is ₹ 4,294.50 lakhs as against ₹ 4,599.02 lakhs in the previous year.

### • RESOURCE UTILIZATION:

#### (a) Fixed Assets:

The gross fixed assets (including work in-progress) as at March 31, 2021 were ₹ 7,684.82 lakhs as compared to ₹ 8,808.95 lakhs in the previous year.

#### (b) Current Assets:

The current assets as on March 31, 2021 were ₹ 37,247.24 lakhs as against ₹ 30,589.85 lakhs in the previous year. Inventory level was at ₹ 6,419.92 lakhs as against ₹ 6,047.02 lakhs in the previous year.

### • FINANCIAL CONDITIONS & LIQUIDITY:

Liquidity & Capital Resources:

(₹ in lakhs)		
PARTICULARS	2020-21	2019-20
<b>Cash &amp; cash equivalents:</b>		
Beginning of the year	6,279.64	176.70
End of the year	1,857.47	6,279.64
<b>Net cash provided/ (used) by:</b>		
Operating Activities	3,945.71	416.74
Investing Activities	(8,257.51)	8,047.29
Financial Activities	(110.37)	(2,361.09)

## C. BUSINESS OUTLOOK

It is estimated that the year 2021-22 will witness growth of more than 10% after the Govt. has succeeded in controlling the second wave of Covid 19. Stable crude oil prices, forecast of a normal monsoon are positive for Acrylic Fiber consumption in India.

Global Acrylic Fiber demand is also likely to see a revival in 2021 after an exceptionally bad 2020. However, it might still fall short of 2019 level of global consumption. Acrylic Fiber capacities in major producing countries outside India have been running at lower operating rates even in 2021. Some of them are already in financial difficulty. We expect intensified exports to India at less than market price, especially by those dependent upon exports in FY22. With no Anti-Dumping duty in force, Indian producers have been denied a level playing field and this is likely to have an adverse impact on margins of domestic Acrylic Fiber industry as also your Company.

## D. MAJOR RISK AND AREA OF CONCERN

Uncertainty over control of Covid-19 adversely affecting consumption and dumping of Acrylic Fiber by overseas producers are major risks in near future besides spikes and high volatility in crude oil prices. Vaccination is a big hope and government seems to be fully focused on it. We are sanguine in our hopes that our country's economy will scale major surge upwards as our Hon'ble Prime Minister has launched an ambitious & timely drive for accelerating exports and textile will get its due share of emphasis in the policy framework of the Govt. designed to achieve the target of USD one trillion exports by 2028.

#### E. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

Your Company has adopted a strong and well-designed Internal Audit to review all systems, processes and controls of the Company. The Company reviews its Systems and Processes periodically to assess their robustness and sufficiency in view of business requirements, best industry practices, corporate governance, statutory compliances, controls and audit purpose. This is supplemented by Self Audits done periodically and a bi-annual Internal Audit to identify areas that might need further review and attention of Senior Management. Recommendations of Internal and Statutory Auditors are viewed as an opportunity to look at our system from an independent view. Senior management of your Company is committed to make the operations system driven so as to minimise chances of deviations and taking timely corrective actions.

#### F. INTERNAL FINANCIAL CONTROL:

Your Company is committed to ensure not only compliances to all statutory requirements but also have requisite internal control aligned with best and sound industry practices. Compliance to statutory requirements is monitored on monthly basis. The monitoring system and softwares are regularly updated to keep them in sync with current statutory provisions. External consultants of repute are also engaged towards this end. No reportable material weakness in the design or operation was observed during the year.

#### G. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS:

Manufacturing process involves use of many hazardous chemicals. Therefore, health and safety of everyone working inside your factory always receives utmost importance while framing Company policies and procedures. Acrylic fiber being a product with expectations of well-defined performance, Company devotes time and resources to develop and nurture in-house talent. Your Company promotes development of human resources by encouraging team Members to share innovative ideas without hesitation, involving them in process improvement projects and rewarding them for their contribution. Your Company has been continuously endeavoring on strengthening culture of team work and

commitment to excellence. The Company employed on an average 315 persons during the year.

#### H. Summary of Key Financial Ratios:

Particulars	2020-21	2019-20	% change
Debtors Turnover Ratio (Days)	20	10	100
Inventory Turnover (Days)	84	66	27.27
Interest Coverage Ratio (Times)	92	175	-47.43
Current Ratio (Times)	4.90	3.57	37.25
Debt Equity Ratio (Times)	0.00	0.00	0.00
EBIDTA Margin (%)	22.50	15.97	40.89
Net Profit Margin (%)	15.32	13.84	10.69
Return on Net Worth (%)	10.77	13.02	-17.28

The Financial ratios for the FY 2020-21 are not comparable with that of FY 2019-20 as the business of the Company remained affected due to pandemic.

# Business Responsibility Report

## About the Company

Vardhman Acrylics Limited (VAL) is a subsidiary of Vardhman Textiles Limited. It made a beginning by setting up a plant to manufacture Acrylic Fiber & Acrylic Tow in 1999.

The plant was initially set up with a capacity of 18000 TPA which now stands at 22000 TPA.

VAL's products are marketed under the brand name "VARLAN®" and are widely used for manufacture of winter wear such as sweaters, woolen fabric, technical textiles such as non-wovens and carpets etc.

## About This Report

The Securities and Exchange Board of India (SEBI) as per its (Listing Obligations and Disclosure Requirements) Regulations, 2015 has mandated the inclusion of a "Business Responsibility Report" (BRR) as part of Company's Annual Report for top 1000 listed entities based on market capitalization at the BSE LIMITED (BSE) and the National Stock Exchange of India Ltd. **SECTION E: PRINCIPLE-WISE PERFORMANCE****Principle 1: Corporate Governance for Ethics, Transparency and Accountability**

We are committed to adopting the best corporate governance practices as manifested in the Company's functioning to achieve business excellence by enhancing the long term shareholder's value. Efficient conduct of the business of the Company through commitment to transparency and business ethics in discharging its corporate responsibilities are hallmarks of the best practices being followed at VAL.

The Composition of the Board of Directors of the Company is governed by the Companies Act, 2013 and SEBI Regulations 2015. As on March 31, 2021, the Company has 8 directors on its board (including the Chairman), of which 4 are independent, 1 is non-independent, 3 are non-executive non-independent directors.

To ensure accountability and monitoring, the Board has constituted various committees such as: Audit Committee, Nomination & Remuneration Committee, Corporate Social Responsibility (CSR) Committee and Stakeholders' Responsibility Committee. The Committees meet periodically during the year to supervise, review performance and advice on the necessary direction to be taken.

**Code of Conduct:** VAL has its Code of Conduct which extends to all directors and senior employees of the Company which aims at maintaining highest standards of business conduct in line with the Ethics of the Company, provides guidance in difficult situations involving conflict of interest & moral dilemma and ensures compliance with all applicable laws. All senior employees have to read and understand this code and agree to abide by it.

The Code of Conduct is available at the Company's website link

## Principle 2: Sustainability of Products & Services across Life-cycle

The Sustainable Business Model and the framework driving towards identifying and implementation of strategies that add value to the lives of numerous people linked, directly or indirectly, with the organization is a core strength of VAL. The image of Vardhman Group and its position in the society has been developed by proactively and effectively fulfilling our responsibility towards the world around us. The three facets of sustainability namely – social, environmental and economic play a pivotal role in formulating our plan of action. A blueprint developed in compliance with national and international norms for the industry, emphasizing on initiatives towards Sustainable growth and development maps our journey.

The Company works with a long-term perspective, objectivity and apt understanding of the impact of choices made. VAL's Sustainability Drive, backed with innovation and untiring efforts, is one of several initiatives to broaden the perspective towards Sustainable development.

### Responsible Sourcing of Raw Material and Services

Our basic Raw material for making Acrylic Fiber is Acrylonitrile and Vinyl Acetate Monomer. Both of these Raw Material are chemicals and are imported. While procuring these Raw Materials we ensure that all applicable international laws and regulations are complied with including those relating to international trade (such as those relating to sanctions and export controls), safe shipping and receipt at Indian ports.

These raw materials are derivatives of Crude Oil. As these raw material constitute a large part of finish goods cost, decision of purchase is made after a thorough understanding of the underlying factors of international demand and supply of Crude oil and its derivatives. In fact the team continuously tracks such factors and builds dynamic short to medium term strategy.

Due diligence process is undertaken before finalization of new vendor.

Further we prefer to buy or import hazardous inputs from nearby sources or ports to reduce risk during transportation.

Most of the material handling contracts have been awarded to contractors who employ local labour which lives within short distance of factory as an additional support to society.

Impurities in raw material are amongst the main constituents of effluents and wastes generated during the process of manufacture. We select our raw material sources with special emphasis on quantum and type of impurities in them. By purchasing high purity chemicals, which might cost us additional, we are able to reduce waste generation

and pollutant load in our effluent contributing towards environment protection.

### Product Recycling and Waste

Due to use of better quality raw materials and good upkeep of equipment and strict adherence to process related protocols, Company has been able to operate with Zero Waste generation of finished products. A small quantity of lower quality finished goods and process waste which gets generated during manufacture is recycled and reprocessed within the factory. Unprocessable waste only is disposed off to SPCB authorised waste buyers.

### Rural Development

The spirit of India lies in its villages and without the development of rural India, the growth of the Country can only be partial. Our factory is located in close proximity of villages. VAL works closely with stakeholders like Local Industries Association, Village Gram Panchayat, Taluka Panchayat Authorities to assess their needs and for undertaking rural development projects under CSR initiatives of Unit. Our emphasis remains on building long lasting assets for use by local village population and on children education and healthcare. We constantly strive to offer healthcare facilities, education, hygienic living conditions and ample opportunities to people living in villages. VAL has constructed number of Aanganwadis, School Infrastructure like class rooms, Provided support to Hospitals to buy equipment, instruments and ambulances in surrounding villages.

VAL gives preference to eligible candidates from nearby villages and areas in matters of employment.

In addition, in last several years we had completed/ contributed in various rural development projects like construction of Toilets under Swatcch Bharat Abhiyan, contribution given for Sujalam-Sufalam Yojna by CM- Gujarat for rain water harvesting, constructed community halls in villages for community usages, encouraging local community based cultural programmes and festivals with sponsorship contribution.

### WATER

Water being a resource without which life cannot survive on Earth, remains our major priority in terms of sustainability measures undertaken by us. VAL has installed in-house water treatment and purification plants to recycle the effluents within the factory to a large extent. To ensure proper treatment of waste water and its safe discharge, we monitor the treated effluent quality parameters and keep them well within the norms prescribed by Central and State Pollution Control Boards.

## Water Treatment

We have installed Effluent Treatment Plants (Primary, Secondary & Tertiary treatment) for treatment of process effluent and sewage water, which utilises advance technology meeting the norms prescribed by Central and State Pollution Control Boards. The treated water is partially used for surface irrigation within our premises and balance is discharged to a common effluent pipe line which is ultimately discharged into deep sea at a designated location. This pipeline and related facilities are owned and operated by a Company which is a joint venture of Gujarat Industries Development Corporation (GIDC) and the industries of Jhagadia Industrial Estate.

## Water Recycle and Reuse

We have installed 3 stage RO Plant along with MEE & ATFD to treat our effluent. RO treated water is reused in the factory for manufacturing process. The recovery rate through RO & MEE is high as compared to industry benchmark. The solids recovered from ATFD are disposed off at government authorized TSDF site at Ankleshwar. This helps reduce our requirement of fresh raw water.

## ENERGY CONSERVATION

Electricity is a major requirement for our industry and we keep looking for measures to make optimum use of electric energy. With an approach for “Less input, more output”, we constantly strive to minimize the energy consumption and maximize the output.

We keep investing regularly in energy-efficient technologies to improve energy security. With an emphasis on energy conservation, we have successfully achieved a downward trend in energy consumption per unit of production.

Some of the major initiatives towards energy conservation undertaken by us are:

1. Replacement of light fittings with energy efficient LED light fittings at
  - LED lamps (70 watts) in place of HPSV lamps (150 watts) at warehouse.
  - LED flood lights (150 watts) in place of HPSV flood lights (400 watts) at boundary area.
  - LED well glass lights (40 watts) in place of HPMV (80 Watts) well glass lights
  - LED street lights (45 watts) in place of HPSV (70 watts) lights
  - High efficient LED T-8 tube rods (18 watts) in place of conventional 36 watts tube rods.

2. Provision of variable frequency drives to save power.
3. Carried out Feasibility study and some projects are taken up and are under progress (APFC panels , Energy Efficient pump, Old motors replacement with new energy efficient motors, energy efficient nitrile rubber insulation in place of old thermocol insulation etc.)

## AIR

Climate change, emissions of greenhouse gases, depletion of ozone etc. are indicators of the deteriorating quality of air. As a unit using many types of chemicals as inputs, we execute our responsibility towards restricting emissions in air by enhancing the energy efficiency of our processes as well as investing in low-carbon technologies. Over the years, a focused drive to improve efficiencies of our operations has resulted in managing emissions to a significant extent. Some major initiatives taken are:

- Operation controls with proper preventive schedule in area of particulate matter emission in boiler area.
- Operational discipline in area of handling of gaseous release by maintaining desired conditions.
- Tree plantation and maintaining greenery within the factory. A green belt of about 15 acre land with about 5 Lac trees has been developed within the factory premises.

## Principle 3: Employee Well-being

In a world where everything else is equal, human effort makes all the difference. We place immense value on our workforce and consider it our biggest and most valuable asset. At VAL, we have a culture of empowerment that values and respects individual potential and helps each one achieve it to the fullest. Our people own their jobs and not just perform them. We continuously strive to improve quality of work-life for total job satisfaction and social harmony for the employees.

1. Total number of employees. – 315 (permanent employees)
2. Total number of employees hired on temporary/contractual/casual basis. – 121
3. Number of permanent women employees. – 1 (does not include contractor female employees)
4. Number of permanent employees with disabilities- 3
5. Do you have an employee association that is recognized by management? Yes
6. What percentage of your permanent employees is Members of this recognized employee association? – approx. 60%

7. Please indicate the number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

No.	Category	No. of complaints filed during the financial year	No. of complaints pending as on end of the financial year
1	Child labour/forced labour/involuntary labour	Nil	Nil
2	Sexual harassment	Nil	Nil
3	Discriminatory employment	Nil	Nil

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?

- (a) Permanent Employees- 87%
- (b) Permanent Women Employees- 100%
- (c) Casual/Temporary/Contractual Employees- 84%
- (d) Employees with Disabilities- 90%

#### Principle 4: Stakeholder Engagement

VAL recognizes employees, Local communities surrounding our operations, business associates (network of suppliers, transporters, contractors etc), customers and shareholders/ investors as our key stakeholders.

VAL identifies communities (with a special focus on women and children from these communities) around our manufacturing facility as disadvantaged, vulnerable & marginalized stakeholders.

VAL regularly undertakes initiatives to serve the interest of its disadvantaged, vulnerable and marginalized stakeholders. These are briefly described below:

Stakeholder group	Initiatives
Employees	<p>Our Employee policies safeguard employees against any kind of discrimination based on caste, creed, religion, geography, educational or social background, gender, age, family status, citizenship, disability, etc.</p> <p>We believe in continuous people development through investment in the training &amp; development of our employees even in adverse business times.</p> <p>Women are given ample opportunities depending upon their education, training and working conditions and are treated with utmost respect. Ensuring the safety of women employees is a top priority for VAL.</p>
Local Communities around our manufacturing Locations	Development and deployment of need-based community programs in the areas of health, education, skill development, sanitation, livelihood etc. as part of Corporate Social Responsibility (CSR) initiatives.
Business associates	We remain engaged with our vendors and equipment suppliers to remain updated about technologies and raw materials with a view to update our plant with safer, modern, more efficient and environment friendly equipment and processes.
Customers	<p>Direct engagement with customers and providing technical advice to them for improving operational efficiency. This helps our customers to improve their performance and remain competitive in industry. We share information about new products and technical developments at our end with our customers so as to enable them develop new solutions and products for their customers. We treat our customers as extended arms of VAL.</p> <p>We remain continuously engaged with customers to understand their changing needs and support them in smooth usage of our products and problem solving through a partnership approach has helped us forge long lasting relationships with our customers.</p>

### Principle 5: Human Rights

We subscribe fully to the basic tenets of human rights as defined in our Constitution. We adhere to the human rights principle of dignity of workforce regardless of the nation, location, language, religion, ethnic origin or any other status of an individual.

We have placed grievance redressal mechanisms at our manufacturing unit and offices and try to ensure a harassment free work environment along with workplace health and safety. Our Human Resources Team is available in the plant round the clock to take care of and ensuring the basic amenities to workers. Communication meetings between workers and senior officials are regularly conducted to redress the grievance of workers and maintain harmonious relations between the management and workers.

Prime importance is given towards maintaining good working conditions in the plants to take care of health & safety of employees. We are certified under OHSAS 18001 by NSAI.

No complaint was received pertaining to human rights violation during the past financial year.

### Principle 6: Protection and Restoration of the Environment

1. VAL has implemented stringent standards and policies for Environment, Health and Safety in its manufacturing unit.
2. Changes in climatic conditions, issues like global warming and degradation of environment owing to over exploitation of resources are threats to existence of life on the planet. VAL recognizes these realities and is sensitive towards creation of sustainable products and manufacturing processes at its facility. A dedicated team works continuously at identifying opportunities to make our operations more and more environment friendly and sustainable. In our endeavor to protect and restore environment, following steps have been initiated:
  - a) Treatment of effluent: We have established independent state of the art ETP in the unit to treat the effluent meeting the norms prescribed by Central and State Pollution Control Boards.
  - b) Facility installed for recycling and reuse of a 400 KLD effluent through RO process.
  - c) Disposal of solid waste generated at the unit is done only through authorized disposal facilities.
  - d) Passing the boiler flue gases through filter bags, ESP's.

These steps help in the reduction of raw water consumption, emission of greenhouse gases, generation of solid waste, effluent and other hazardous substances and responsible disposal of wastes. Initiatives like these are effective in reducing the impact of industry on our natural resources and environment.

3. We accord first priority to safety of human lives. Visitors as well as employees are given safety instructions before entering the premises/ work station to ensure workplace safety and minimize the probability of accidents.
4. All the hazardous waste generated is stored and maintained as per the statutory requirements. Unit has facilities for proper management of e-waste, medical waste, spent oil and ETP sludge. The disposal of such waste is carried out through GPCB authorized recyclers.
5. We have not registered ourselves under any project for Clean Development mechanism but have undertaken several initiatives at our own level for clean, eco-friendly and sustainable growth.

**Energy Conservation:** Optimum utilization of resources as a principle is ingrained in all the processes at VAL. Energy conservation initiatives for reduction in power consumption and wastage and increasing efficiency are at place.

**Reduction in water usage:** Recycling of 400 KLD effluent through RO purification and re-use in process and utility results in reduction in the amount of usage of fresh water. For a limited natural resource like fresh water, conservation is a primary responsibility of the human kind. We make our contribution by regular metering, monitoring and controlling its consumption.

**Reduction in Office waste:** Our initiative to reduce waste generation at our offices include optimization of water pipeline pressure in washrooms to minimize usage of water, printing on both sides of paper and generating awareness in employees to shift to paperless office model.

**Reduce Food waste:** Daily monitoring and on food waste quantity in our unit canteen is always in focus. We regularly sensitize employees to not leave any leftover food in their plate. The cooking staff is trained and encouraged to estimate the food requirement based upon attendance so as to reduce food wastage at the first stage itself.

**Awareness Programs:** To spread awareness about environmental protection measures, every year we celebrate Environment Day followed by tree plantation, Environment Week followed by different awareness programs.

**Plantations:** Plantation drives are carried out every year by us. To increase the green area within and around our unit, we maintain about 5 lakh plants currently.

6. The emissions at our unit are within the permissible limits of State and Central Pollution Control Boards.
7. VAL has not received any legal notices for causing any environmental issues.

### Principle 7: Responsible Advocacy

VAL is a member of several industrial and trade associations. These are listed as under:

- a. Jhagadia Industries Association
- b. Narmada Clean Tech (An industry and GIDC joint venture Company for responsible disposal of treated effluent)
- c. Forum of Acrylic Fiber Manufacturers
- d. SRTEPC

We are represented indirectly through our holding Company in following associations:

- a. Confederation of Indian Industries (CII)
- b. Federation of Indian Chamber of Commerce and Industries (FICCI)
- c. PHD Chamber of Commerce and Industries (PHDCCI)

Being an industrial house, our major areas of concern are those public policies which deal with industry/ business. Therefore, most of the time, our submissions are related to economic policy changes and other issues, which affect the sustainability and competitiveness of the industry.

These platforms are utilized to update the industry concerns to the relevant government offices through seminars, delegations and memorandums. Through these forums, we also provide our inputs sought by the State & Central Governments related to the current problems faced by the industry, future prospects and policy imperatives required to overcome bottlenecks.

These forums are used to advance the cause of the industry and are not used to take up Company specific issues.

### Principle 8: Supporting Inclusive Growth and Equitable Development

Through CSR (Corporate Social Responsibility) initiatives as well as an ingrained mechanism for sustainable

development in core business activities, VAL supports the principles of inclusive growth and equitable development. The Company has in effect, a detailed CSR policy monitored by a CSR committee appointed by the Board of Directors. CSR initiatives at VAL are developed with a key emphasis on promoting education, offering advanced healthcare facilities, contributing to rural development, conservation of environment etc. The areas of emphasis are covered in Schedule VII of the Companies Act 2013.

A number of CSR programs are pursued within close proximity to our units to enable supervision and maximize the impact of these developmental activities. While we equally participate in offering services for national causes, an emphasis is laid on ensuring that the intended effect of the initiatives taken is received. Programs under this principle are developed and executed by:

#### a) Trusts

Community development initiatives are performed by inducing trusts and organizations dedicated for the cause. Close monitoring for the optimum utilization of resources invested helps in ensuring positive outcome from such drives.

#### b) Other organizations

For healthcare, education and such benefits to reach the masses, we collaborate with public and private organizations like hospitals, schools etc. These initiatives aim at presenting underprivileged sections of society with the right to quality healthcare facilities and opportunity to learn and grow.

#### c) Women Empowerment and the Right to Equal Opportunity

Offering an equal opportunity to women employees, allowing them to share the responsibility of development of the nation is critical to the working culture at VAL. We see women as a human resource that if utilized to its optimum potential can contribute a great deal to the development of nation and therefore, take initiatives to support women's participation in our workforce depending upon their education, training and working conditions.

#### d) Impact Assessment

VAL, in order to ensure that the benefit of CSR initiatives reaches the people who need to be supported, internally performs an impact assessment at the end of each financial year. This assessment helps us in understanding the efficacy of the programs in terms of delivering

desired benefits to the community and gaining insights for improving the design and impact of future initiatives.

The Company has spent an amount of ₹ 118.30 lakhs during the financial year 2020-21 towards CSR related activities. The details of projects undertaken is given in Annexure III of Board's Report.

We strive to continuously engage with surrounding communities and offer aid by understanding the problems being faced. Regular meetings and surveys are carried out to gauge the needs, priorities and expectations of local community. Initiatives to be adopted are designed and delivered in a transparent manner, considering the inputs from the residents of the locality.

The Company's CSR policy is available online on its website at the following link: [https://www.vardhman.com/user\\_files/investor/61a990114df67d8501b530691cbe89070be539571436265843.pdf](https://www.vardhman.com/user_files/investor/61a990114df67d8501b530691cbe89070be539571436265843.pdf)

#### **Principle 9: Providing Value to Customers and Consumers**

Adding value is not always about money or discounts. Understanding our customer is the key to add value. We try to understand what drives value for our customers and offer best quality products with a prime focus on developing memorable customer experience.

We take care of the expectations of our customers as well as other stakeholders. We implement practices to safeguard our environment and society. We consistently work to improve customer satisfaction and deliver value proactively by anticipating changes in customer's needs.

1. No Pending customer complaints at the end of the financial year.
2. We disclose all the information to our customers so as to enable customers to make an informed decision. We also disclose the information on product packing as required under the law.
3. During the last five years, no cases have been filed by any stakeholders against the Company regarding unfair trade practices, irresponsible advertising and/or anticompetitive behavior.
4. As part of our stakeholder engagement strategy, VAL engages with its customers and carries customer surveys every two or three year to know the customer satisfaction level so that necessary steps may be taken to enhance the same. There is a designated market research department which carries out these surveys and gives inputs to business team for undertaking new developments besides remedial action, as may be required.

# Independent Auditors' Report

## To the Members of Vardhman Acrylics Limited

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of Vardhman Acrylics Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash flows for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2021, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. We have determined that there are no key audit matters to communicate in our report.

#### Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the company's annual report, (but does not include the financial statements and our auditors' report thereon).

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls,

that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion

on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of sub section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Vardhman Acrylics Limited of even date)

- (i) In respect of the Company’s fixed assets:-
  - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - (b) The Company has a phased program of physical verification of its fixed assets which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. As part of this program, the management has physically verified certain fixed assets during the year. According to the information and explanations given to us, no discrepancies were noticed on such verification.
  - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, title deed of the immovable property is held in the name of the company.
- (ii) According to the information and explanations given to us, physical verification has been conducted by management at reasonable intervals in respect of finished goods, stores and spares and raw material, Further, stock in the possession and custody of third parties and stock in transit as at 31 March, 2021 has been verified by the management with reference to confirmation and statement of accounts or correspondence with the third party or subsequent receipt of goods. In our opinion, the frequency of such verification is reasonable.

According to the information and explanations given to us, no discrepancies were noticed on such verification.

- (iii) According to the information and explanations given to us, we report that the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnership or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, the provisions of paragraph 3(iii) of the Order are not applicable to the Company.

- (iv) According to the information and explanations given to us, there are no loans, guarantees and securities given in respect of which provision of section 185 of the Companies Act, 2013 applies and hence not commented upon.

In our opinion and according to the information and explanations given to us, there are investments made by the company in respect of which section 186 of the Companies Act, 2013 is applicable and have been complied with by the company.

- (v) According to the information and explanations given to us, the Company has not accepted any deposits covered under the provisions of sections 73 to 76 and any other relevant provision of the Companies Act, 2013 and the rules framed there under and therefore the provisions of the clause 3(v) of the order are not applicable to the company.
- (vi) We have broadly reviewed the cost records maintained by the company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act and are of the opinion that prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of such records with a view to determine whether they are accurate or complete.

- (vii) (a) According to the information and explanations given to us and on the basis of the records of the Company examined by us, in our opinion, the Company has been regular in depositing undisputed statutory dues including provident fund, employees’ state insurance, income tax, goods and services tax, service tax, duty of custom, duty of excise, value added tax, cess, sales tax and other applicable statutory dues with the appropriate authorities.

- (b) According to the information and explanation given to us, no undisputed amounts in respect of statutory dues payable were outstanding as on the last day of the financial year for a period of more than six months from the date they became payable.

- (c) According to the records of the company the dues of value added tax, central sales tax, service tax, and income tax which have not been deposited with appropriate authorities on account of dispute, are as follows:

Nature of Statute	Nature of Dues	Forum at which dispute is pending	Total Demand (In Lakhs)	Paid under Protest (In Lakhs)	Unpaid	Financial year to which it relates
The Punjab VAT Act, 2005	VAT and CST	VAT Tribunal, Punjab	10.47	2.62	7.85	2016-17
The Finance Act, 1994	Service tax	Assistant Commissioner / Superintendent	31.87	--	31.87	2005-06 To 2009-10 and 2016-17 to 2017-18
The Income Tax Act, 1961	Income Tax	ITAT & CIT(A)	93.72	22.26	71.42	2011-12 to 2014-15 and 2018-19

- (viii) According to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to a financial institution bank or government. The Company has not issued any debentures during the year or in the preceding year.
- (ix) In our opinion and according to the information and explanations given to us, the company has not raised any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, the provisions of the clause 3 (ix) of the Order is not applicable to the company.
- (x) According to the information and explanations given to us, no fraud by the company or on the company by its officers or employees has been noticed or reported during the year.
- (xi) According to information and explanation given to us and based on our examination of records of the company, the company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) According to the information and explanation given to us, the company is not a Nidhi Company. Therefore, the provisions of paragraph 3(xii) of the Order are not applicable to the company.
- (xiii) According to the information and explanations given to us, and based on our examination of the records of the company, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and the details of the transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.

## Annexure – “B” TO THE INDEPENDENT AUDITORS REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the members of Vardhman Acrylics Limited of even date)

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial control over financial reporting of Vardhman Acrylics Limited (“the Company”) as of 31st March 2021 in conjunction with our audit of financial statements of company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls over financial reporting with reference to these financial statements.

#### **Meaning of Internal Financial Controls over Financial Reporting with reference to these Financial Statements**

A company’s internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these financial statements**

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to the financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at 31st March 2021, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Notes to Financial Statements

for the year ended March 31, 2021

All Amounts in Rs. lakhs unless otherwise stated

## 1. Corporate Information

Vardhman Acrylics Limited (“the Company”) is a public limited company, incorporated under the provisions of The Companies Act and has its registered office at Vardhman Premises, Chandigarh Road, Ludhiana, Punjab, India. The equity shares of the company are listed on National Stock Exchange of India Limited.

The Company is a leading manufacturer and supplier of Acrylic Fibre and Tow having its manufacturing facility in Gujarat, India.

Vardhman Textiles Limited (Holding Co. of the entity) owns 70.74% of the company’s equity share capital as at 31st March 2021.

The Board of Directors approved the Financial Statements for the year ended 31st March, 2021 and authorised for issue on 08th May, 2021.

## 2. Significant accounting policies, significant accounting judgements, estimates and assumptions and applicability of new and revised Ind AS

### Significant Accounting Policies

#### 2.1 Statement of Compliance

The financial statement prepared in accordance with Indian Accounting Standards (Ind AS), and the provisions of the Companies Act, 2013 (‘the Act’) (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

#### 2.2 Basis of preparation and presentation

The financial statements have been prepared on historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

The following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value.

### Historical Cost

Historical cost is based on the fair value of the consideration given in exchange of goods and services.

### Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Entity uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

## Notes to Financial Statements for the year ended March 31, 2021

All Amounts in Rs. lakhs unless otherwise stated

Accounting policies have been consistently applied except where in newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

### Functional and presentation currency

The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except if otherwise stated.

## 2.3 Significant Accounting Policies

### (a) Revenue Recognition

The Company derives revenue primarily from sale of Acrylic Fibre and Tow.

Effective April 1, 2018 the Company adopted Ind AS 115 'Revenue from Contracts with Customers'. First time adoption has been conducted retrospectively with cumulative effect of initially applying this standard as on the transition date. The effect on the transition to Ind AS 115 was insignificant.

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for returns, trade allowances for deduction, rebates, goods and services tax and amounts collected on behalf of third parties.

Revenue from the sale of goods is recognised at the point in time when control of goods are transferred to the customer which is usually on dispatch / delivery.

#### i. Sale of Acrylic Fibre including Traded goods

Revenue from the sale of goods is recognized as and when Acrylic fibre is sold. Revenue from the sale of Acrylic fibre and traded good are recognized when control of the goods has transferred to the buyer i.e. at the point of sale/delivery to the customer at an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods. Sale is net of sales returns, discounts and goods and services tax.

Revenue in respect of the export incentives is recognized on post export basis and it is reasonable to expect ultimate collection.

Revenue is measured at the amount of consideration which the company expects to be entitled to in exchange for transferring distinct goods to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognized when it becomes unconditional. Generally, the credit period varies between 0-5 days and 90 days against letter of credit from the shipment or delivery of goods or services as the case may be. The company does not adjust short-term advances received from the customer for the effects of significant financing component if it is expected at the contract inception that the promised good or service will be transferred to the customer within a period of one year.

#### ii. Interest income

- Interest Income from customers is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.
- Other Interest Income is recognized using effective interest rate.

#### iii. Dividend income

Dividend income from investment is recognized when the right to receive the payment is established and amount of dividend can be measured reliably.

#### iv. Insurance and Other Claims

Revenue in respect of claims is recognized when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

### (b) Employee Benefits

#### i. Short term Employee Benefits :

Short Term Employee Benefits are recognized as an expense on an undiscounted basis in the statement of profit and loss of the year in which the related service is rendered.

## Notes to Financial Statements for the year ended March 31, 2021

All Amounts in Rs. lakhs unless otherwise stated

### ii Post Employee Benefits Plans:

#### Defined Contributions Plans

##### (a) Provident Fund

Employees receive benefit in the form of provident fund which is a defined contribution plan. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

##### (b) Superannuation

Certain employees of the Company are participants in a defined contribution plan. The Company has no further obligations to the Plan beyond its monthly contributions which are periodically contributed to a trust fund, the corpus of which is invested with the Life Insurance Corporation of India.

#### Defined Benefits Plan:

##### (c) Gratuity

The Company provides for gratuity, a defined benefit retirement plan (‘the Gratuity Plan’) covering eligible employees of the Company. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee’s salary and the tenure of employment with the Company.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. The company fully contributes all ascertained liabilities to the Vardhman Acrylics Limited Gratuity Fund Trust (the Trust). Trustees administer contributions made to the Trusts and contributions are invested in the scheme with Life insurance corporation of India as permitted by Indian Law.

The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gain and losses through re-measurements of the net defined benefit liability / asset are recognised in other comprehensive income and are not reclassified to profit and loss in subsequent periods.

The actual return of portfolio of plan assets in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognised in other comprehensive income.

### iii Long term employee benefits:

#### Compensated absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

### (c) Property, Plant and Equipment

Items of property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets as prescribed under Part C of Schedule II of the Companies Act 2013 except the assets costing Rs. 5000/- or below on which depreciation is charged @ 100% per annum on proportionate basis, are as follows:

Building	30-60 years.
Plant and Machinery	15-25 years.
Office Equipment	5 Years
Computer Equipment	3 years.
Furniture and fittings	10 years

## Notes to Financial Statements for the year ended March 31, 2021

All Amounts in Rs. lakhs unless otherwise stated

Vehicles excluding Motor cycles	08 years.
Motor cycles	10 years.

On transition to Ind AS, the company has elected to continue with the carrying value of all its Property, plant & equipment recognized as at 1st April, 2016 measured as per previous GAAP and use that carrying value as it's deemed cost of its Property plant and equipment.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other 'non-current assets' and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

### Impairment of property, plant and equipment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU (Cash Generating unit) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates

used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

Impairment is reviewed periodically, including at each financial year end.

### (d) Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment if any. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence etc. Amortization method and useful lives and residual values are reviewed periodically, including at each financial year end.

### (e) Inventories

Inventories of raw materials, stores and spares, work-in-progress and finished goods are valued at cost or net realisable value, whichever is lower. However, materials and other items held for use in the production of Inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The cost in respect of the aforesaid items of inventory is computed as under:

- In case of raw materials, at weighted average cost plus direct expenses.
- In case of stores and spares, at weighted average cost plus direct expenses.
- In case of work-in-progress, at raw material cost plus conversion cost depending upon the stage of completion.

## Notes to Financial Statements for the year ended March 31, 2021

All Amounts in Rs. lakhs unless otherwise stated

- In case of finished goods, at raw material cost plus conversion cost, packing cost and other overheads incurred to bring the goods to their present condition and location.
- Net realizable value is the estimated selling price in ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.

### (f) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of items of Property, plant and equipment which necessarily takes substantial period of time to get ready for their intended use are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

### (g) Earnings per Share

Basic earnings per equity share is computed by dividing the net profit for the period attributable to the equity share holders of the company by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to the equity shareholders is divided by the weighted average number of

equity shares outstanding during the period after adjusting for the effects of all dilutive potential equity shares, if any.

### (h) Taxes on Income

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to when it relates to items recognized directly in equity or items recognised in other comprehensive income.

Current income tax for current period is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date.

A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred tax assets and deferred tax liabilities have been offset as they are governed by the same taxation laws.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### MAT

Minimum Alternative tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustments to future income tax liability, is considered as an asset if there is convincing evidence that the company will pay normal income tax. Accordingly, MAT credit is recognized as asset in the balance sheet when it is probable that future economic benefit associated with it will flow to the Company.

### (i) Government Grants

- i. The government grants are recognized only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received.

## Notes to Financial Statements for the year ended March 31, 2021

All Amounts in Rs. lakhs unless otherwise stated

- ii. Government grants in relation to fixed assets are treated as deferred income and are recognized in the statement of profit and loss on a systematic and rational basis over the useful life of the asset.
- iii. Government grants related to revenue are recognized on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate.
- iv. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognised in profit or loss in the period in which they becoming receivable.

### (j) Foreign Currency Transactions

#### Transaction and balances

The foreign currency transactions are recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

The monetary items denominated in foreign currency are reported using the closing rate at the end of each reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency is translated using the exchange rate at the date of the transaction.

The non-monetary items that are measured in terms of historical cost in foreign currency are not retranslated.

Exchange differences arising on the settlement or reporting of monetary items at rates different from rates at which these were initially recorded during the period or reported in previous financial statements as recognised in the statement of profit or loss in the period in which they arise.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss, within finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.

### (k) Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

### (l) Leases

#### The Company as a lessee

The Company's lease asset classes primarily consist of leases for land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases for which underlying asset is of low value. For these short-term and leases for which underlying asset is of low value, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the

lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated

for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the lessee's incremental borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

### The Company as a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

### Transition as per Ind AS 116

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases", applied to all lease contracts existing on April 1, 2019 using the modified retrospective method along with the transition option to recognize Right-of-Use asset (ROU) at an amount equal to the lease liability. In respect of leases that were classified as operating leases applying Ind AS 17, On transition, the adoption of this standard had resulted in recognition of Right of use assets of Rs. 1162.62 lacs and Lease liability of Rs. 0.08 lacs. The above amount of "Right of use" asset includes Rs. 1162.54 lacs that had been reclassified from prepayment of

lease hold premium shown under "Other Current and Non-Current Assets". Consequently there has been no adjustment to the opening balance of retained earnings. Accordingly comparatives of the year ended 31st March 2019 were not been retrospectively adjusted. In the statement of profit and loss for the current period operating lease expense had changed from Rent to Depreciation Cost for Right of Use asset. The adoption of this standard did not have any significant impact on profit and earning per share of the current period.

### (m) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liability are recognised when the company entity becomes a party to the contractual provisions of its instruments.

#### i. Initial Recognition and measurement

All financial assets and liabilities are initially recognized at fair value plus or minus transaction cost that are directly attributable to the acquisition or issue of financial asset or

financial liability on initial recognition. Transaction cost that are directly attributable to the acquisition of financial assets or financial liabilities, which are carried at fair value through profit or loss are immediately recognized in the statement of profit or loss.

#### ii. Subsequent measurement

##### • Non-derivative financial instruments

##### 1. Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

## Notes to Financial Statements for the year ended March 31, 2021

All Amounts in Rs. lakhs unless otherwise stated

### 2. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### 3. Investments in equity instruments measured at fair value through other comprehensive income

On initial recognition, the company can make an irrevocable election for its investment which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. These elected investments are initially measured at fair value plus transaction cost, subsequently there are measured at fair value with gains and losses arising from changes in fair value recognized in Other Comprehensive Income and accumulated in the Reserve for equity instruments through Other Comprehensive Income. The cumulative gain or loss is not reclassified to the Statement of Profit or loss on disposal of the investments.

- The above election is not permitted if the equity investment is held for trading.

Dividend on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

### 4. Financial assets at fair value through profit or loss

- A financial asset which is not classified in any of the above categories is subsequently measured at fair value through profit or loss.
- Debt instruments that meet the amortised cost criteria or the fair value through other comprehensive income but are designated as fair value through profit or loss are measured at FVTPL.

### 5. Financial liabilities

- The financial liabilities are subsequently carried at amortized cost using the effective interest method.

#### • Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

#### • Financial assets or financial liability at fair value through Profit or Loss

This category has derivative financial assets or liabilities which are not designated as hedges.

Although the Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains

or losses are included in other income. Assets/liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

- **Cash Flow Hedge**

The Company has not designated derivative financial instruments as cash flow hedges.

- **Equity Instruments:**

Equity instruments are any contract that evidences a residual interest in the assets of an equity after deducting all of its liabilities.

- **Ordinary Shares**

Equity shares issued by the company are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

- **Derecognition of financial instruments**

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the right to receive the contractual cash flows including risk and rewards of ownership.

A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

- **Offsetting**

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

- **Fair value measurement**

Fair value of financial assets and liabilities is normally determined by reference to the transaction price or market price, if the fair value

is not reliably determinable then the fair value is determined by using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

### iii. Impairment of financial assets

Financial assets that are carried at amortised cost and fair value through other comprehensive income (FVOCI) are assessed for possible impairments basis expected credit losses taking into account the past history of recovery, risk of default of the counterparty, existing market conditions etc. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments).

For trade receivables or any contractual right to receive cash or another financial asset that result from transaction that are within the scope of Ind AS 115 and Ind AS 116. The Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

## Notes to Financial Statements for the year ended March 31, 2021

All Amounts in Rs. lakhs unless otherwise stated

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the company has used a practical expedient as permitted under Ind AS 109. The company follows simplified approach does not require the company to track changes in credit risk. Rather it recognizes impairment loss allowance based on lifetime ECL's at each reporting date, right from its initial recognition.

For other assets, the company uses 12 months ECL to provide for impairment loss where is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

### (n) Segment reporting

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the company's other components, and for which discrete financial information is available.

### (o) Cash and cash equivalents

Cash and cash equivalent for the purpose of statement of cash flows include bank balances, where the original maturity is three months or less and other short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value. Bank overdraft are included as a component of cash and cash equivalent for the purpose of statement of cash flow.

### (p) Cash flow statement

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) - 7 "Statement of Cash flows" using the indirect method for operating activities.

### (q) Provisions and Contingent liabilities:

#### (A) Provisions

- Provisions are recognized if, as a result of past event, the company has a present obligation (legal or constructive), and it is probable that a cash outflow will be required

to settle the obligation in respect of where a reliable estimate can be made.

- As the timing of outflows of resources is uncertain, being dependent upon the outcome of the future proceedings, these provisions are not discounted to their present value.
- When some or all of economics benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursements will be received and amount of the receivable can be measured reliably.

#### (B) Contingent liability

- A disclosure for contingent liability is made when is a possible obligation or a present obligation that may, but probably will not require an outflow of resources.
- When there is possible obligation or a present obligation where the like hood of an outflow of resources is remote no provision or disclosure is made.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Contingent assets are neither recognized nor disclosed in the financial statements

Provisions, contingent liabilities, and commitments are reviewed at each balance sheet date.

### 2.4 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements in conformity with Indian Accounting Standards (Ind AS) require management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the date of the financial statement and reported amount of revenue and expense during the period.

## Notes to Financial Statements for the year ended March 31, 2021

All Amounts in Rs. lakhs unless otherwise stated

Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcome requiring a material adjustment to the carrying amount of assets or liabilities in future period.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

### i. Useful lives of property, plant and equipment

The estimated useful lives of property, plant and equipment are based on a number of factors including the effects of obsolescence, internal assessment of user experience and other economic factors (such as the stability of the industry, and known technological advances) and the level of maintenance expenditure required to obtain the expected future cash flows from the asset.

The Company reviews the useful life of property, plant and equipment at the end of each reporting date.

### ii. Recoverable amount of property, plant and equipment

The recoverable amount of property plant and equipment is based on estimates and assumptions regarding the expected market outlook and expected future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

### iii. Defined benefit plans

Employee benefit obligations are measured on the basis of actuarial assumptions including any changes in these assumptions that may have a material impact on the resulting calculations.

### iv. Recognition of deferred tax assets

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to

signification adjustment to the amounts reported in financial statement.

### v. Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claims/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy. The Company annually assesses such claims and monitors the legal environment on an ongoing basis, with the assistance of external legal counsel, wherever necessary.

### vi. Fair value measurement

Some of the company's assets and liabilities are measured at fair value for financial reporting process. In estimating the fair value of an asset or liability, the company uses market-observable data to the extent is available.

### vii. Estimate of uncertainty relating to global health pandemic (COVID-19)

On account of COVID-19 pandemic the Company has made assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, intangible assets, right of use assets, investments, inventories and trade receivables as at the date of the balance sheet. The Company has considered internal and external sources of information for making said assessment. Basis the evaluation of the current estimates, the Company expects to recover the carrying amount of these assets and no material adjustments is required in the financial statements. Given the uncertainties associated with nature, condition and duration of COVID-19, the Company will closely monitor any material changes arising of the future economic conditions and any significant impact of these changes would be recognized in the financial statements as and when these material changes to economic condition arise.

### Recent Indian accounting standards (Ind AS)

Ministry of corporate affairs ("MCA") notifies new standard or amendments to the existing to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

### 36.2 Defined Benefit Plan:

The Company sponsors funded defined benefit plan for qualifying employees. This defined benefit plan of gratuity is administered by a separate trust that is legally separate from the entity. The trustees are required by the law to act in the interest of the trust and all the relevant stakeholders i.e. active employees, inactive employees, retired employees and employers, etc. The trust is responsible for investment policy with regard to the assets of the trust. The Company has a gratuity plan wherein every employee is entitled to the benefit equivalent to 15 days salary last drawn for each completed year of service. Gratuity is payable to all eligible employees of the Company on retirement, separation, death or permanent disablement, in terms of the provisions of the Payment of Gratuity Act, 1972 or as per the Company's plan, whichever is more beneficial.

These plans typically expose the company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

- i. Salary Risk- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- ii. Investment Risk - If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- iii. Interest Risk- A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the plan assets.
- iv. Longevity risk- The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

The following tables set out the funded status of the gratuity plan and the amounts recognized in the Company's financial statements as at 31st March 2021 and 31st March 2020.

- a. Movement in the present value of defined benefit obligations are as follows :

### 39. Disclosures as required by Indian Accounting Standard (Ind AS) 116 “Leases”:-

The Company has lease contracts for Land. Leases of land have lease terms of 99 years. The Company's obligations under its leases are secured by the lessor's title to the leased assets. Generally, the Company is restricted from assigning and subleasing the leased assets.

In 2019-20 on transition, while adoption of the new standard resulted in recognition of 'Right of Use' asset of Rs 0.08 lakhs and a lease liability of Rs.0.08 lakhs. Further, in respect of leases which were classified as operating leases, applying Ind AS 17, Rs. 1162.54 lakhs had been reclassified from “Other Assets” to “Right of Use Asset”. The effect of this adoption was insignificant on the profit before tax, profit for the period and earnings per share. Ind AS 116 resulted in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.

#### (a) Following are the changes in the carrying value of right of use assets for the year ended 31st March 2021:

#### Level 1:

Quoted prices in the active market. This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

#### Level 2:

Valuation techniques with observable inputs. This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly.

#### Level 3:

Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data.

Sensitivity of Level 3 financial instruments are insignificant.

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants.

The following methods and assumptions were used to estimate the fair values:

Investments in mutual funds: Fair value is determined by reference to quotes from the financial institutions, i.e. net asset value (NAV) for investments in mutual funds declared by mutual fund house.

Investment in preference shares: Fair value is determined by reference to quotes from fund houses/portfolio management services companies/respective issuer of preference shares, i.e. value of investments.

Derivative contracts: The Company has entered into various foreign currency contracts to manage its exposure to fluctuations in foreign exchange rates. These financial exposures are managed in accordance with the Company's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the Authorized Dealers Banks.

Quoted equity investments: Fair value is derived from quoted market prices in active markets.

Unquoted equity investments: Fair value is derived on the basis of net asset value approach, in this approach the net asset value is used to capture the fair value of these investments.

### 42. Financial Instruments and Risk Management (Contd..)

#### Financial risk management

The financial assets of the company include investments, loans, trade and other receivables, and cash and bank balances that derive directly from its operations.

The principal financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company.

The company is mainly exposed to the following risks that arise from financial instruments:

- (i) Market risk
- (ii) Liquidity risk
- (iii) Credit risk

The Company's senior management oversees the management of these risks and that advises on financial risks and the appropriate financial risk governance framework for the Company.

This note explains the risks which the company is exposed to and policies and framework adopted by the company to manage these risks:

#### (i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, foreign currency risk and investment risk.

##### (a) Foreign currency risk

The company imports certain assets and material from outside India. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently the company is exposed to foreign currency risk and the results of the company may be affected as the rupee appreciates/ depreciates against foreign currencies. Foreign exchange risk arises from the future probable transactions and recognised assets and liabilities denominated in a currency other than company's functional currency.

The company measures the risk through a forecast of highly probable foreign currency cash flows and manages its foreign currency risk by hedging appropriately. The Company uses foreign exchange forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures.

The Carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting periods expressed in foreign currency are as follows:

# Company uses derivative financial instruments exclusively

The following significant exchange rates applied during the year:

Particulars	2020-21 (Average exchange rate)	2019-20 (Average exchange rate)	2020-21 (Year end rates)	2019-20 (Year end rates)
INR/USD	74.23	70.89	73.12	75.56
INR/EURO	86.62	78.79	85.79	82.96
INR/JPY	0.70	0.65	0.66	0.71

#### Foreign currency sensitivity analysis

Any changes in the exchange rate of EURO and USD against INR is not expected to have significant impact on the Company's profit due to the less exposure of these currencies. Accordingly, a 10% appreciation/depreciation of the INR as indicated below, against the EURO and USD would have increased/reduced profit by the amounts shown below. This analysis is based on the foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variable remains constant:

#### Foreign exchange derivative contracts

The Company uses derivative financial instruments exclusively for hedging financial risks that arise from its commercial business or financing activities. The company's Corporate Treasury team measures the risk through a forecast of highly probable foreign currency cash flows and manages its foreign currency cash flows by appropriately hedging the transactions. When a derivative is entered into for the purpose of being a hedge, the company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The following table gives details in respect of outstanding foreign currency forward held by the company to mitigate the risk of changes in exchange rates on foreign currency exposures.

Particulars	No. of deals	As at 31.03.2021	No. of deals	As at 31.03.2020
<b>Contracts against Import</b>				
-In USD	9	83.39	14	65.51
-In EUR	1	0.13	-	-

Sensitivity on the above derivative contracts in respect of foreign currency exposure is insignificant.

#### (b) Interest Rate Risk Management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

As the Company has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements. The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

At the reporting date the interest rate profile of the Company's interest bearing financial instrument is at its fair value:

Particulars	Carrying amount (INR In Lakhs)	
	As at 31.03.2021	As at 31.03.2020
<b>Variable rate instruments</b>		
Short term borrowings	35.78	141.88

### 42. Financial Instruments and Risk Management (Contd..)

#### Cash flow sensitivity analysis for variable rate instruments

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows :

Particulars	For the year ended March, 31 2021 If loans interest rate increases/ (decreases) by 1%	For the year ended March, 31 2020 If loans interest rate increases/ (decreases) by 1%
Increase/ (decrease) in profit before tax by	0.36	1.42

#### (c) Security Price Risk Management

##### Exposure in equity

The Company is exposed to equity price risks arising from equity investments held by the Company and classified in the balance sheet as fair value through OCI.

##### Equity price sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to equity price risks at the end of the year.

If the equity prices had been 5% higher / lower:

Other comprehensive income for 31st March 2021 would increase / decrease by Rs. 13.00 Lakhs (31st March 2020: increase / decrease by Rs. 14.00 Lakhs) as a result of the change in fair value of equity investment measured at FVTOCI.

##### Exposure in mutual funds

The Company manages the surplus funds majorly through investments in debt based mutual fund schemes. The price of investment in these mutual fund schemes is reflected though Net Asset Value (NAV) declared by the Asset Management Company on daily basis as reflected by the movement in the NAV of invested schemes. The Company is exposed to price risk on such Investments.

##### Mutual fund/Preference share price sensitivity analysis

The sensitivity analysis below have been determined based on Mutual Fund Investment at the end of the year. If NAV has been 1% higher / lower:

Profit for the year ended 31st March 2021 would increase / decrease by Rs. 229.20 Lakhs (31st March 2020 by Rs. 157.22 Lakhs) as a result of the changes in fair value of mutual fund investments.

#### (ii) Liquidity Risk

The financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables. The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations.

The company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The company plans to maintain sufficient cash and marketable securities to meet the obligations as and when fall due. The below is the detail of contractual maturities of the financial liabilities of the company at the end of each reporting period:

#### (iii) Credit Risk Management

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. Credit risk on cash and bank balances is limited as the company generally invests in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in liquid mutual fund units, bonds, fixed maturity plan etc. issued by institutions having proven track record.

The company assesses the creditworthiness of the customers internally to whom goods are sold on credit terms in the normal course of business. The credit limit of each customer is defined in accordance with this assessment

The impairment analysis is performed on client to client basis for the debtors that are past due at the end of each reporting date. The company has not considered an allowance for doubtful debts in case of Trade receivables that are past due but there has not been a significant change in the credit quality and the amounts are still considered recoverable.

The following is the detail of revenues generated from top five customers of the company and allowance for lifetime expected credit loss:

Particulars	For the year ended 31st March 2021	For the year ended 31st March 2020

47. On account of COVID-19 pandemic, the Government of India had imposed a complete nation-wide lockdown on March 24, 2020 leading to temporarily shut down of company's manufacturing facilities and operations for some period during first quarter. Since then the Government of India progressively relaxed lockdown conditions and has allowed industry to resume its operations. The Company has made assessment of its liquidity position for the current year and the recoverability and carrying value of its assets comprising property, plant and equipment, right of use assets, investments, inventories and trade receivables. The Company has considered internal and external sources of information for making said assessment. On the basis of said assessment, the Company expects to recover the carrying amount of these assets and no material adjustments is required in the financial statements. Given the uncertainties associated with nature, condition and duration of COVID-19, the Company will closely monitor any material changes arising out of the future economic conditions and its impact on the business of the Company.
